

## ***Fabulous Fountains***

On this unique "fountain adventure," we will discover that long before elaborate fountains became developer's favorite diversions, they served as upwellings of L.A. pride. Their look reflected a time and sensibility, whether it was space-age optimism or old-world nostalgia, and their location in parks or on civic plazas mandated sharing.

Los Angeles County is home to many diverse, artistic, fascinating and historically important fountains. These fabulous fountains include a floating teapot, a touching 9-11 memorial, an American youth rising above the waves, spitting swans and even the story of a lost fountain rediscovered. While they come in all shapes and sizes - they can emit anything from a slight trickle, to a cascading flow or even a gushing geyser. What they all have in common is each brings life and energy to its surroundings and the many visitors that come to view them.

You will have the opportunity to enjoy lunch on your own at one of the many eateries at The Americana at Brand, a local favorite dining complex in Glendale. Another highlight on your tour will be a stop at the 1915 Fair Oaks Pharmacy Soda Fountain. With its oak doors, embossed glass, marble counters, tin ceilings, honeycomb tile floors and original period soda fountain equipment, this blast from the past will serve us one of their delicious root beer floats
