

# Sip, Swirl & Savor in Santa Ynez

Escape for the day to the picturesque Santa Ynez Valley and savor the fruits of its bounty. Known for its Mediterranean climate, this Valley has long possessed the perfect combination of temperature and soil to grow the grapes harvested for world-class wines. But it's more than just wines that this region is now known for. We will learn this firsthand during a visit to a craft brewery with origins as a small-batch craft beer brewery in California's Central Coast wine country. Since its founding in 1996, this brewery has grown into one of the biggest and most respected craft breweries in the country, scooping up piles of awards and accolades along the way. We will taste a variety of their award-winning beers before enjoying an included lunch with choice of entrée at their charming restaurant.

After lunch, indulge your taste buds with a wine and chocolate-tasting experience. Learn how wine and chocolate make the perfect pair. Sample 3 different wines and 3 types of chocolate, and gain insight into the various ways to combine the flavors for maximum impact. Under instruction from our knowledgeable host, learn of the various coffee beans and grape varietals at play, and become a wine and chocolate connoisseur.

No trip to Santa Ynez would be complete without a taste of the region's best olive oils. On a visit to a local press, we will taste their wide spectrum of oils - from mild and soft, to pungent and peppery. Discover the scents, textures, flavors, and other attributes that give them their identity. In addition to their extra virgin olive oil, samples of flavored olive oils, balsamic vinegars, wine vinegars, truffle oils, table olives, and other gourmet food products are available for sample and purchase.
